To George's family, I knew George through FHS and I believe we are somehow related. Randy and I were also very close friends and worked together at AT&T. The last time I saw George was at the 1952 FHS football reunion last year. We had a chance to talk about "ole" times. He told me about his interest in the Indian history of Frederick County which I found facinating. He was such a wonderful man and friend. I hope your memories of him will help sustain you all during this difficult time.

Lucretia, We are so sorry to hear that George lost his battle with cancer. We are thinking about you and know it is a sad time for you and your family. Although I did not know him well, I do remember fondly going over to your house once and he showed me his wonderful garden! I was envious of his talents! Margaret and George McHenry

Dear Lu and Brad and Family:I was so saddened to hear the news of George's Passing. I have many fond memories of our time at Horn Point and on the Choptank and Tred Avon Rivers. George taught me how to eat Crabs properly by dissecting them. I still do it the way he taught me with every cut. Those were special times with many special people. George made a difference on the bay and we all can thank him for his love and dedication to it.Donna & Roger West
