Donna has truly been an inspiration to all who knew her battle. She never let her illness get her down or keep her from trying new things. She was a wonderful mother and friend. Although her body may have been frail at times her spirit was never broken and it is that spirit I will remember the most about her. My sympathy is with all the family for it is hard to lose someone who we feel is taken from us too soon. May your many memories of her take away the pain you feel with her loss.##imported-begin##Cheryl Hurley##imported-end##

To the Family, Donna was a wonderful caring individual. full of wonderful stories of family. When we would ride together to a training or meeting we would catch up on family news she always had a funny story from the kids or one of the family pets. Her life was shortened by the cancer but she fought it. It was an honor knowing her and she will surely be missed but she left a legacy of bravery and strength. My prayers are with you.##imported-begin##Ingrid Holmes##imported-end##

Donna was a special colleague to me in my seven years with Cooperative Extension. She was thoughtful, futuristic and knowledgeable about her community. Whenever we were together, she'd share stories about her children of whom she was proud. This July, I sat with her at the Family Consumer Sciences luncheon, saw pictures of a quilt show she'd attended and of her travels in the side seat of the motorcycle once she couldn't drive her own. She was always courageous and full of grace. My life is better having known her. My God bless all of the family and friends and colleagues who were touched by her presence and love.
