I remember "Uncle" Bob as a gentle man who always had time to talk to us younger members of the family at get togethers. He and Aunt Betty were a lovely couple and I know he will be missed.##imported-begin##Rosemary Selskis Heth##imported-end##

First met Bob in 1967 when I joined the systems engineering group at Philco C&E on Wissahickon Ave. in Germantown. He was a good engineer and it showed in his thoughtful approach to the work that we did. Sorry to learn that he passed away.##imported-begin##Michael Marhefka##imported-end##

The first time I met Bob was shortly after he married my cousin Betty. My mother and I were very impressed with this handsome, kind, and talented young man. He awed us with his ability to play the accordion by ear. I have never seen him to be other than gracious and kind, and his children reflect these qualities. He and Betty created a good family and his affection encompassed Betty's relatives. In his gentleness and love of music, in his silent suffering and death, Bob was devout and truly holy in the example he set for us all. It was a privilege to have know this extraordinary man, and I will always remember him. His legacy of love will live on through his family.##imported-begin##Camilla Kari##imported-end##
