Mary Ann and David taught me how to enjoy life on the Chesapeake Bay. Having the opportunity to be with them and learn from them from the early age of 9 through adulthood and joint ownership of C'est La Vie our Hobie 33 was truly a gift. Mary Ann and David were the most caring people I had the opportunity to know, may they both rest in peace with their son.

So glad i graduated from the nursing school when you were the leader. You could be a tough leader when you needed to be but underneath you truly had a heart of gold. Thanks for being there for me when I needed your support. Now you get to rest peacefully back with the loves of your life, your 2 David's. RIP my friend.

I worked with Mary Ann teaching nursing at MGW school of nursing - years ago! But I learned a lot from her and thankful for her mentoring. Not forgotten!

She taught Fundamentals of Nursing which is not even a subject these days, I suppose. She was a great instructor and comforted me when my very first patient was a man with a foley catheter. I was very naive and had never seen anything like this. But she made me go back into the room and care for him. She turned out to be one of my favorites. Rest in peace Mrs. Hensinger.
