As children, the family traveled up and down Skyline Drive due to their father being a Civil Engineer on the project. Maple Hall Boarding House, in Claiborne, was their ancestral home. Always returning home for the holidays and to help work the farm.

She loved the St. Michaels Library, where she volunteered from June 1993 to June 2017. Her greatest joy was her little girl, Hazel (dog), along with her large extended family and her many friends. Adine adored the little town of Claiborne.

“ To all of Adine's family, we will miss her bright smile and kindness. I met Adine through my Horn family years ago at Maple Hall. Such fond memories bring smiles to my heart. Adine was a wonderful, thoughtful, kind and caring friend. I am so glad to have been able to visit with her not too long ago with Toby before he passed. I am sure they are together cooking up some kind of fun for all our loved ones in heaven. My family sends you our love.

Fondly,

Jane Horn
