I had the privilege of working with Dee for three or four years on the gifts for the children of inmates at the Easton Detention Center. We collected the gifts from members of local churches, and the day of the Christmas Party at the Center, we distributed the gifts to the children. I believe the first year we did it we had 91 children. This special celebration was a chance for families to be together with lovely decorations, games for the children, and plenty of food! In some cases, it was a the first chance for a parent to hold his/her child. We didn't know each other before this, but i was so grateful to have her for a partner in this endeavor. We both felt privileged to contribute to this special occasion. Patti Case
