“ My memories of Billy growing up in Greenwood. We were schoolmates and he was shy but one of the nicest people you could know! I don't think a bad word ever came out of his mouth. Gone to soon. RIP.

“ Billy was always making people laugh , He was a very nice person. My favorite memory was when he was driving for Delmarva transportation and I was done with my morning run and he seen me at greenwood royal farms and he came up to me asking what this text was from the office so I looked at it and told him it was saying he was hitting his brakes too hard .lol . Boy did he have a few choice words But I was honor to meet Billy in this life time as we get older you realize that you come across some good people and Billy was one of them .you will be missed but not forgotten RIP my friend until we meet again And to the family I would like to send my condolences and prayers for comforting .God Bless you all

“ Billy was an awesome guy.. as I read Barbara Coopers post I laugh 😂 because I was the one sending the texts from the office for the time I was there! I was always on him about the braking, speeding phone calls and even emails about his driving but he was the go to guy and always got the job done. When I first started there he would call and ask for Joey all the time, even if Joey was on thr other line he would wait! I was like wt* Joey why don't he trust me.. but he finally came around. Billy and I had great conversations in Delmarva's office and I am so blessed to have meet him. I always say God has a plan for the ones he takes early but these are the ones that sting the most
Rest in peace Billy I was glad to see you on August 14th one last time.
